\$800	\$15
\$900	\$16.55
\$1000+	\$16.55 + \$1.55 per \$100 over \$1000

Shipping tips:

- Fill out the work order sheet on the previous page and send it along with your order. That way we know what's inside and who to send it back to - both critical pieces of information!
- If multiple groomers are sending items in the same box, please fill out one inventory sheet for each groomer along with their payment method. Also make sure everyone's equipment is clearly marked to identify each groomer's items.
- Now pack it up! Best practices - use our cardboard blade box for your blades! Just load the box up and secure the lid with rubber bands. Put the blade box inside a bigger box or padded envelope for safe shipping!
- No blade box? No problem! Wrap your blades and shears **INDIVIDUALLY** with bubble wrap or heavy newspaper.
- Fill up any empty space in your box with bubble wrap, plastic bags, or newspaper - this will keep your equipment safe, and prevent it from bouncing around and getting damaged on its trip to us!
